zymada (Friday, 18 February 2022 04:35). 7b17bfd26b zymada 28, 2019 - ... There was not and there is not, what was and what is: it is all one. For there is neither time nor space, nor space-time, nor time-space, for all that is in time and space is in the essence of the same essence, which has no time or space. This is why we say "in essence," because it is one. Likewise, there is neither time nor space, nor space-time, nor time-space, for all that is
