Fast And Furious 6 BRRip 720p x264 BrRip w/ English Subtitles..A week before the Trump administration announced it would pull out of the Paris climate agreement, the president met with the head of the UN's scientific agency, to discuss the Paris accord's impact on the US economy and climate change. Trump, who said he was "curious" to see what the scientific community thought of the agreement and "what they're working on", has previously spoken against the Paris deal. So it was perhaps no surprise that Michel Brune, the director-general of the UN's World Meteorological Organization (WMO), raised the issue of "the cost of adaptation" and offered to work with the US administration on the cost of addressing climate change. At the time, Trump's administration said the move was based on the UN's "internationally-backed commitments", and the president's national security adviser, John Bolton, said the UN was "exercising unlawful power and
