What's New In TheSage English Dictionary And Thesaurus?

An outstanding word and phrase finder This is the first dictionary that lets you find words and phrases from the English dictionary. Just enter or type a word and you'll find all synonyms and antonyms. No more trawling through pages and pages of the dictionary, losing your way among 1000's of options. Use the word search bar to find words and phrases Use the word search bar to find words and phrases in the English dictionary. Auto-fill the word search bar with the most commonly used words and phrases. Interactively type into the dictionary Use the blank space on the search bar to interactively type into the word search bar, and type the letters you see. As you type, the dictionary will scan the current page and highlight all the words that match your search. A powerful find feature The find feature is unique: instead of simply looking for words it looks for you. Just enter any word and the find bar will look for all the words that start with that word. Have a song stuck in your head? Search for it! Large and detailed dictionary The dictionary contains over 600,000 words and over 20,000 phrases, a list of thesaurus words, and a spelling dictionary. It also features automatic word completion, most frequently used words, and a word type indicator. See it in action Here are some websites that use this app: Quickscribe "Search and find the word in seconds" Quickscribe "Search and find the word in seconds" is a quick, easy and intuitive dictionary designed to help you find the word you want to use, so you can write faster and more accurately.
