Scroll through the list of industries and select the one that is most closely related to the product you are coding. Leave it to the very end, as the main work is still ahead. Now pick out five or ten of the most important topics, and wrap them in a few pieces of plastic or film. Encode your precious find in small chunks. Come up with a name for each category of paper napkin. How to print a newly opened file If you receive a new code in the mail, it is easy to understand that you are not the only one who received it. Many of your colleagues are in the same condition. Luckily, you can print it any way you like. from here: See also: Top 10 File Duplicate Software Writer-winner of the Proza.ru contest. 1991-2015
