Sometimes you need to keep track of personal or professional events and upcoming projects. But, while there are plenty of to-do lists applications available, most of them are either boring or ugly. ToDo95 has a better user experience, thanks to its unique interface that is beautiful, not bland. First, ToDo95 has a minimalist layout that makes it easy to use. It features a calendar, appointment and to-do list tabs. The application is also snappy and fast, and does not consume much memory and battery. All of these features make it appealing for those who seek a must-have to-do list application for their smartphones and tablets. Second, all of the data are stored locally, making it secure and safe to access, no internet connections are required. This means that ToDo95 saves your memory space, battery life, and data. Finally, all data are stored in a database, which allows you to backup all your data in the cloud. Pros: You won't lose data if you need to delete or reinstall the app It's easy to use and clean It has a great interface. Cons: It's ancient, and the interface might be hard for new users. Full Review: I'm a firm believer that good design makes good products, and ToDo95 is no exception. Despite its rather outdated interface, this to-do list software has a lot of good things going for it. The main interface features a simple but strong grid and menus that are easy to navigate. The app's design is clean, elegant and attractive, without any clutter or excessive color. ToDo95, unlike other to-do list applications, is also capable of storing data locally, and does not require an internet connection. That said, ToDo95's layout might be a bit hard for some people to learn. Some of its options require you to tap a few buttons, or click the right arrow to reach different options. Nevertheless, you're likely to master it in no time, and enjoy a refined interface and features, that are well-organized and easy to use. ToDo95 has a well-established database that stores all data locally, making it impossible for the developer to access or modify your data. The backup functionality helps you to keep all your to-do items safe, and it is very easy to restore your data if needed. Another great feature is the ability to share data and documents over e-mail b7e8fdf5c8
